Awards Rank Kentucky's Best Places to Work

LEXINGTON, Ky. (April 22, 2009) – For the second year in a row, Trilogy Health Services has been ranked the No.1 small/medium company to work for in Kentucky. Frankfort Regional Medical Center has been ranked the best large company to work for in the state.

These and other rankings were announced during the Fifth Annual Best Places to Work in Kentucky awards ceremony, presented by Fisher and Phillips LLP, at the Lexington Convention Center on Tuesday. The Kentucky Society for Human Resource Management (KYSHRM) state council and the Kentucky Chamber of Commerce host the Best Places initiative each year to encourage companies in the Commonwealth to move their workplace environments toward excellence.

Winners were selected from two categories — small/medium companies with 25 to 249 employees and large companies with 250 or more employees. The selection process is based on an assessment of the company's employee policies and procedures and the results of an internal employee survey, administered by the Best Companies Group.

"The goal of Best Places to Work in Kentucky is to raise the bar among employers to create excellent employee engagement practices. Recruiting and retaining the most talented people is more imperative now than ever before, as businesses manage the current economic situation. This will position Kentucky and our businesses to be successful competitors in both national and global arenas," says Trasee Whitaker, SPHR, Chairwoman, KYSHRM state council.
